#### SB 6087 by Senator Rossi

Transferring funds to the site closure account.

Provides that, during the 2003-2005 fiscal biennium, the legislature may transfer up to thirteen million eight hundred thousand dollars from the site closure account to the general fund.

Declares that the transfer in this act shall occur only if written agreement is reached between the state department of ecology and the United States department of energy pursuant to section 6 of the perpetual care agreement dated July 29, 1965, between the United States atomic energy commission and the state of Washington. If agreement cannot be reached between the state department of ecology and the United States department of energy by June 1, 2008, the treasurer shall transfer the funds from the general fund to the site closure account according to the schedule in this act

Provides that, if for any reason the Hanford low-level radioactive waste disposal facility is closed to further disposal operations during or after the 2003-2005 biennium and before 2033, then the amount remaining to be repaid from the 2003-2005 transfer of thirteen million eight hundred thousand dollars from the site closure account shall be transferred by the treasurer from the general fund to the site closure account to fund the closure and decommissioning of the facility.

Provides that, to the extent that money in the site closure account together with the amount of money identified for repayment to the site closure account pursuant to RCW 43.200.080 equals or exceeds the cost estimate approved by the department of health for closure and decommissioning of the Hanford low-level radioactive waste disposal facility, the money in the site closure account together with the amount of money identified for repayment to the site closure account shall constitute adequate financial assurance for purposes of the department of health financial assurance requirements under RCW 70.98.095.

SB 6088 by Senators Deccio, Thibaudeau, Winsley, Swecker and Franklin

Making prescription drugs more affordable to certain groups.

Declares an intent to support the establishment by the state of an evidence-based prescription drug program that identifies preferred drugs, develop programs to provide prescription drugs at an affordable price to those in need, and increase public awareness regarding their safe and cost-effective use.

Provides that, to the extent funds are appropriated specifically for this purpose, and subject to any conditions placed on appropriations made for this purpose, the department shall design a medicaid prescription drug assistance program. Neither the benefits of, nor eligibility for, the program is considered to be an entitlement.

Directs the department to request any federal waiver necessary to implement this program. Consistent with federal waiver conditions, the department may charge enrollment fees, premiums, or point-of-service cost-sharing to program enrollees.

Declares that eligibility for this program is limited to persons: (1) Who are eligible for medicare or age sixty-five and older;

- (2) Whose family income does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services;
- (3) Who lack insurance that provides prescription drug coverage; and
- (4) Who are not otherwise eligible under Title XIX of the federal social security act.

Provides that this program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the federal social security act.

Directs the department to provide recommendations to the appropriate committees of the senate and house of representatives by November 15, 2003, on financing options available to support the medicaid prescription drug assistance program. In recommending financing options, the department shall explore every opportunity to maximize federal funding to support the program.

Provides that, in negotiating price discounts with prescription drug manufacturers for state purchased health care programs, the health care authority shall also negotiate such discounts for any Washington resident: (1) Whose family income does not exceed three hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services;

- (2) Whose existing prescription drug need is not covered by insurance; and
- (3) Who is: (a) At least fifty years old; or (b) between the ages of nineteen and forty-nine and is otherwise eligible for benefits under Title II of the social security act, federal old age, survivors, and disability insurance benefits.

Requires each of the state's area agencies on aging to implement a program intended to inform and train persons sixty-five years of age and older in the safe and appropriate use of prescription and nonprescription medications. To further this purpose, the department shall award development grants averaging up to twenty-five thousand dollars to each of the agencies upon a showing that: (1) The agency has the ability to effectively administer such a program, including an understanding of the relevant issues and appropriate outreach and follow-up;

(2) The agency can bring resources to the program in addition to those funded by the grant; and

(3) The program will be a collaborative effort between the agency and other health care programs and providers in the location to be served, including doctors, pharmacists, and long-term care providers.

Provides that, by January 1, 2005, the administrator of the health care authority and the secretary of the department of social and health services shall submit to the governor and the legislature a progress report regarding the implementation of the programs created in this act.

#### -- 2003 1ST SPECIAL SESSION --

## **SB 6089** by Senator Parlette

Redirecting cost savings from a highway construction project at the state route No. 2/97 interchange to a highway construction project on state route No. 28 in Douglas county.

Provides that, if the transportation commission determines that the safety needs at the US2/97 Peshastin East - Interchange may be met with a design of lesser cost, then the savings from the US2/97 Peshastin East - Interchange project may be applied to the SR28/East End of the George Sellar Bridge project. If the funds to the SR28/East End of the George Sellar Bridge project under this provision are not sufficient to complete the project, then the department of transportation shall solicit additional funds from local and federal sources and may not proceed with the construction of the project until funding to complete the project is identified.

#### -- 2003 1ST SPECIAL SESSION --

Jun 4 First reading, referred to Highways & Transportation.

## **SB 6090** by Senator Parlette

Redirecting cost savings from the completion of highway construction projects to other highway construction projects.

Provides that any unexpended funds available after completion of a highway construction project may be redirected by the legislature in the 2004 transportation budget. However, the legislature shall maintain the regional allocation of funds pursuant to the original project list and shall consider the recommendations of the regional transportation planning organization where the savings are realized.

#### -- 2003 1ST SPECIAL SESSION --

Jun 4 First reading, referred to Highways & Transportation.
